

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

October 28, 2021

Dear King Members, Friends, and Family:

With COVID-19 still posing a threat to public health and to help stop the spread of the highly transmissible Delta variant we have begun working with members to schedule and receive their COVID-19 booster shots. We strongly encourage our entire King community to continue to get vaccinated and to schedule your booster dose if eligible.

Since we updated you on October 25th, we have had two employees test positive for COVID-19. Currently we have nine cases of COVID-19 on campus (one member, eight employees). As always, when we have positive cases on campus, we conduct regular testing of members and staff as required by the Centers for Medicare & Medicaid Services

While we are working hard to keep everyone here on campus safe and healthy, we cannot prevent the spread of coronavirus without your help. It is imperative for all of us to do our part in protecting our staff and members from this virus. It is so important to continue to wear a mask when out, maintain at least six feet from others, and wash our hands frequently.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius, Commandant
